## CAPABILITY STATEMENT

DD Wholesale specializes in delivering a curated selection of premium, high-demand consumer goods tailored to government contracting and B2B markets. Our portfolio emphasizes niche and specialty items across packaged foods, beverages, and operational supplies, helping agencies, nonprofits, and mission-driven organizations access distinctive, high-quality goods that stand out from conventional supply chains.

We combine competitive sourcing with reliable distribution networks and inventory optimization strategies to maintain cost-effective, audit-ready solutions. By focusing on specialty products with consistent availability and scalable logistics, DD Wholesale ensures clients receive the right mix of premium and operational essentials—streamlining procurement while elevating product quality across every order.

### PAST PERFORMANCES

DD Wholesale has successfully supported a diverse range of commercial clients with timely, high-quality food product delivery across Northeast Tennessee and surrounding regions.

**Production Capacity:** Managing thousands of pounds of dairy, refrigerated, and shelf-stable products annually, packaged for both retail and bulk distribution.

**On-Demand Delivery:** Flexible scheduling with refrigerated transport to ensure product freshness and quality at every stage.

- **Local and Regional Grocers:** Independent grocery stores, specialty markets, and co-ops throughout Eastern Tennessee.
- **Food Service Operators:** Restaurants, cafés, and bakeries requiring fresh, artisanal ingredients on consistent delivery schedules.
- **Institutional Buyers:** Schools, offices, and local organizations needing retail-ready and bulk food products.

### DIFFERENTIATORS

DD Wholesale delivers a curated line of premium, retail-ready food products designed for today's demanding markets. Our offerings focus on specialty and niche items - including gourmet spices, signature sauces, and other high-value ingredients - ensuring quality, consistency, and reliability for every order.

- **End-to-End Control:** Fully integrated operations managing production, packaging, and delivery for consistent quality.
- **Scalable Supply:** Rapidly adaptable production capacity to meet fluctuating market and volume demands.
- **Flexible Delivery:** Refrigerated transport available to preserve freshness and safety.
- **Customer Convenience:** No order minimums; fast turnaround for orders of any size.
- **Easy Payments:** GPC (Government Purchase Card) accepted for simplified procurement.
